READY-TO-USE INDOORS & OUTDOORS

Kills Home Invading Pests on Contact.

Kills Ants, Cockroaches, Spiders, Fleas, and Ticks (including ticks which may transmit Lyme disease).

Kills for up to 12 months (1 year)*

Kills Adult, Pre-Adult (larvae) Fleas and their hatching eggs for up to 8 weeks (2 months).

Water-based, Non-Staining, No Oily Residue.

Economical Do-It-Yourself Pest Control/Trigger Sprayer Included

*For German Cockroaches on indoor non-porous surfaces only

ACTIVE INGREDIENT:

(S)-cyano(3-phenoxyphenyl)methyl-(S)-4-chloro-alpha-(1-methylethyl)benzeneacetate	0.025%
*OTHER INGREDIENTS	99.975%
*Contains Petroleum Distillates	100.000%

EVERCIDE® - Registered trademark of McLaughlin Gormley King Co.

**KEEP OUT OF REACH OF CHILDREN
CAUTION****FIRST AID**

IF SWALLOWED:	<ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.
IF IN EYES:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing eyes. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.

EVERCIDE® Esfenvalerate 0.025% RTU CS

EPA Reg. No. 1021-1816

EPA Est. No. 1021-MN-2

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment wash waters.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product
in a manner inconsistent with its labeling.

EVERCIDE® Esfenvalerate 0.025% RTU CS is an effective formulation that kills crawling insects fast. It stays on treated surfaces and provides residual insect killing power for up to three months.

READ ENTIRE LABEL BEFORE USE

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment. Cover or remove exposed food/feed.

PRECAUTIONS: People and pets should not be allowed in treated areas until spray has dried. Do not use this product on pets.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

Sprayer Instructions:

How to prime and care for your sprayer:

1. After vigorously shaking product, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10 – 15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "off" position and store with sprayer above level of liquid in container to prevent leakage.

SHAKE WELL BEFORE USE

Typical Areas That May Require Insecticide Treatment:

INDOORS:

Spray areas where Ants, Cockroaches, Clover Mites, Crickets, Earwigs, Firebrats, Millipedes, Palmetto Bugs, Psocids, Silverfish, Sowbugs, Spiders and Water Bugs are found or normally reside, including dark corners of rooms and closets; cracks and crevices in walls; along and behind baseboards; beneath and behind sinks, stoves, refrigerators, and cabinets; and around plumbing and other utility installations.

For control of Carpet Beetles, thoroughly spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets, on shelving, and wherever else insects are seen or suspected.

Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.

To Kill Brown Dog Ticks and Fleas: For Control of Brown Dog Ticks, thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor coverings where these pests may be present. For control of Fleas, thoroughly apply a fine particle broadcast spray to infested rugs, carpets, and pet resting areas. Prior to treatment, aquariums and fish bowls should be covered and birds, such as canaries, removed from the area. Do not permit humans or pets to contact treated surfaces until the spray has dried. Old bedding should be removed and replaced with clean, fresh bedding after treatment. *Do not treat pets with this product.* To control the source of flea infestations, pets should be treated with a product registered for application to animals. Also, treat your yard with a product registered for yard application.

To Kill Bedbugs: Apply as a spot treatment to cracks and crevices, and around baseboards, floorboards, headboards, and walls. First, thoroughly clean and air mattresses and springs. Then spot treat only areas that may harbor pests. On mattresses, concentrate on tufts, folds, and seams. Allow all areas to thoroughly dry before use. Cover mattress before use.

For Ants, apply to ant trails; around doors and windows; and wherever Ants may find entrance.

To Kill Carpenter Ants: Use a coarse spray, around doors, doorframes, windows, and other areas where these ants enter the premises or hide. Spray into cracks and crevices through openings or small, newly drilled holes into wall voids where these ants or their nests are present.

Typical Areas That May Require Insecticide Treatment:

OUTDOORS:

GENERAL: Use EVERCIDE® Esfenvalerate 0.025% RTU CS to control Ants, Cockroaches, Crickets, Sowbugs, Spiders, and Ticks on contact. Apply to outside surfaces of buildings, porches, patios, garages, grasses, and other areas where these pests have been seen or are found. Do not spray in or near fish ponds or other bodies of water. Avoid soaking young or flowering plants.

Flies and Mosquitoes: For outdoor use only as an aid in controlling these insects. Spray outside surfaces of screens, doors, window frames, or wherever insects may enter the room. Also spray surfaces around light fixtures, on porches, in garages, and other places where insects alight or congregate.

Ants, Ticks (including ticks which may transmit Lyme disease), Crickets, Fleas, and Earwigs: For treatment of infestation of these insects in areas where there are weeds or bushy non-crop areas, spray infested areas thoroughly. When treating for Ticks, give special attention to areas frequented by pets. For Ants, thoroughly wet hills and runways.

Building Perimeter Treatment: To help prevent infestations of buildings by Ants, Crickets, Spiders, and Sowbugs (Pillbugs), treat a 12 – 18 inch band of soil or other substrate adjacent to buildings and the building foundation to a height of 2 – 3 feet where these pests are active and may find entrance.

Keep pets and children out of the treated area until after the spray has dried. Do not spray animals. Dogs, cats, and their kennel or bedding area should also be treated with a registered flea control product in conjunction with this application.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a warm, dry place. Keep container closed.

DISPOSAL:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Material to be added to a Mini-Jacket (in the case where an e-Jacket exists)

Ms. Julie B. Schlekau,
Registration Specialist
McLaughlin, Gormley, and King Company
8810 Tenth Avenue North
Minneapolis, MN 55427-4319

Subject: Amendment: Extend residual claim for cockroaches on label from 4 to 12 months
Evercide Esfenvalerate 6.4% CS (EPA Reg. Nos. 1021-1815)
✓ Evercide Esfenvalerate 0.025% RTU CS (EPA Reg. Nos. 1021-1816)
Applications dated January 18, 2006

Dear Ms. Schlekau:

The above referenced submissions, in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable with the following comments:

- **Front Panel:** For both products, revise the statement "Kills Cockroaches for up to 12 month (1 year) on concrete" to read "***Kills for up to 12 months (1 year)****"; and define or clarify with an asterisk directly below the claim(s) – "****For German Cockroaches on indoor non-porous surfaces only***".

Please make the above stated changes to the products' labeling and submit two copies of each revised final printed label to the Agency. A stamped copy of each label is enclosed for your record.

If you have any questions please contact Dr. B.A. Akinlosotu at (703) 605-0653.

Sincerely,

George T. LaRocca,

STUDY APPLICATION RATE: 0.025% applied as a mist (3.8 mL/ft²)

LABEL APPLICATION RATE: 0.025-0.050% applied as wet coarse spray

Mark Suarez
2 June 2006

STUDY SUMMARY:

The registrant is attempting to add a 12 month residual claim for cockroaches on concrete. The data submitted tested the residual efficacy of RTU and concentrated esfenvalerate formulations against German cockroaches, *Blattella germanica*, in the lab. The formulations were sprayed onto linoleum tile and vinyl concrete slabs. The test surfaces were kept in the laboratory under ambient conditions and a 15:9 artificial lighting dark:light cycle. The study for the diluted concentrate ceased after 3 months due to diminishing efficacy results. The linoleum treatments were also discontinued due to lack of product performance. The vinyl concrete treated concrete demonstrated greater than 90% mortality at 24 hours following exposure of German cockroaches of greater than 1 hour.

ENTOMOLOGIST'S COMMENTS AND RECOMMENDATIONS:

The desired label claim of "Kills cockroaches for up to 12 months (1 year) on concrete" is not supported for either formulation. The data do not support a general cockroach claim. Following an exposure of at least an hour, German cockroaches were killed. Vinyl concrete, a relatively non-porous surface, was the only test substrate for which efficacy was demonstrated at 12 months. Treated surfaces were maintained indoors without exposure to the elements further restricting the supported label claim. Data may be submitted or cited in support of expanded claims.

- The data support the claim, "Kills German cockroaches for up to 12 months (1 year) on indoor non-porous surfaces".

SUBJECT: Receipt of Amendment Subject to Registration Service Fee

Dear Registrant:

The Office of Pesticide Programs has received your application for Amendment. If you submitted data with this application, the results of the PRN-86-5 screen will be communicated separately. During the administrative screen, the Office of Pesticide Programs has determined that this Action is subject to a Pesticide Registration Service Fee as defined in the Pesticide Registration Improvement Act.

The Action has been identified as Action Code: R34

NON-FAST-TRACK (INCLUDES CHANGES TO PRECAUTIONARY LABEL
STATEMENTS;SOURCE CHANGES TO AN UNREGISTERED SOURCE);

Please remit payment in the amount of: \$ 3,150 to:

By USPS:
USEPA Washington Finance Center
Pesticide Registration Service Fee
PO Box 360277
Pittsburgh, PA 15251

By Courier:

U.S. EPA Washington Finance Center
Pesticide Registration Service Fee
C/O Mellon Client Service Center
500 Ross Street, Room 670
Box 360277
Pittsburgh, PA 15251-6277
Attn: EPA Module Supervisor
Telephone: (412) 236-2294

All payments must be in United States currency by check, bank draft, or money order drawn to the order of the Environmental Protection Agency. To ensure proper credit, please write the OPP DECISION NUMBER on your check, and enclose a copy of this letter with your payment.

You may be eligible for a full or partial waiver of the registration service fee if, for example, you qualify as a small business or are applying for a minor use, or if your application is solely associated with an IR-4 tolerance petition. Please be advised that if you intend to request a waiver, you must do so in writing within 15 days of receipt of this invoice instead of remitting the amount indicated above. OPP will not consider waiver requests after the registration service fee has been paid. Information regarding eligibility and how to request and document a fee waiver is available on the OPP Fee for Service web site at www.epa.gov/pesticides/fees.

Please send Registration Service Fee Waiver requests to:

Arlington, VA 22202

A PRIA decision time review period will not start until a fee waiver is granted and/or the Agency receives certification that the outstanding fee has been paid. If the Agency does not receive certification of payment for this action or a fee waiver request within the next 45 days, the Agency will presume that you no longer want to pursue this action. The Agency will then initiate a process that may result in administrative withdrawal of this action.

If you have any questions, please contact the Pesticide Registration Service Fee Ombudsman, at (703) 305-6249.

Sincerely,

Front End Processing Staff

Subject: EVERCIDE® Esfenvalerate 0.025% RTU CS
EPA Registration No. 1021-1816
Label Amendment

Dear Mr. LaRocca:

Enclosed are five (5) copies of an amended label. We are adding a twelve month residual claim for cockroaches on concrete to the label and have included an efficacy study to support this added claim. We are enclosing the following documents:

Application for Pesticide Amendment
Formulator's Exemption Statement
Certification With Respect to Citation of Data
Data Matrix (both EPA & Public copies)
5 Copies of the Revised Label

46757201 Vol. 1 of 1 – Product Performance/Efficacy Report (3 copies)

If there are any questions or you need anything further, please contact this office.

Sincerely,

Julie B. Schlekau

EPA File Symbol/Reg. No. 1021-1816

Product Name EVERCIDE® Esfenvalerate 0.025% RTU CS

APPLICANT'S NAME AND ADDRESS McLaughlin Gormley King Company
8810 Tenth Avenue North
Minneapolis, MN 55427

As an authorized representative of the applicant for registration of the product identified above, I hereby certify that:

(1) This product contains the active ingredient(s):

Esfenvalerate

(2) Each active ingredient listed in paragraph (1) is present solely as the result of the incorporation into the product (during formulation or packaging) of another product which contains that active ingredient, which is registered under FIFRA sec. 3, and which is purchased by us from another producer.

(3) Indicate by circling (A) or (B) below which paragraph applies:

(A) An accurate Confidential Statement of Formula (EPA Form 8570-4) for the above identified product is attached to this statement. That formula statement indicates, by company name, the registration number and product name, the source of the active ingredient(s) listed in paragraph (1).

OR

(B) The Confidential Statement of Formula dated _____ on file with the EPA is complete, current and accurate and contains the information required on the current CSF Form No. 8570-4. The registered source(s) of the active ingredient(s) listed in paragraph (1) is/are listed below:

Active Ingredient

Source: Product Name and Reg. No.

Esfenvalerate

Certification with Respect to Citation of Data

Applicant's/Registrant's Name, Address, and Telephone Number McLaughlin Gormley King Company 8810 Tenth Avenue North Minneapolis, MN 55427 Telephone: 763-544-0341	EPA Registration Number/File Symbol 1021-1816
Active Ingredient(s) and/or representative test compound(s) Esfenvalerate	Date 1/18/2006
General Use Pattern(s) (list all those claimed for this product using 40 CFR Part 158) Indoor, Outdoor	Product Name EVERCIDE Esfenvalerate 0.025% RTU CS

NOTE: If your product is a 100% repackaging of another purchased EPA-registered product labeled for all the same uses on your label, you do not need to submit this form. You must submit the Formulator's Exemption Statement (EPA Form 8570-27).

- ☐ I am responding to a Data-Call-In Notice, and have included with this form a list of companies sent offers of compensation (the Data Matrix form should be used for this purpose).

SECTION I: METHOD OF DATA SUPPORT (Check one method only)

- ☐ I am using the cite-all method of support, and have included with this form a list of companies sent offers of compensation (the Data Matrix form should be used for this purpose)
- ☒ I am using the selective method of support (or cite-all option under the selective method) and have included with this form a completed list of data requirements (the Data Matrix form must be used).

SECTION II: GENERAL OFFER TO PAY

(Required if using the cite-all method or when using the cite-all option under the selective method to satisfy one or more data requirements)

- ☐ I hereby offer and agree to pay compensation, to other persons, with regard to the approval of this application, to the extent required by FIFRA.

SECTION III: CERTIFICATION

I certify that this application for registration, this form for reregistration, or this Data-Call-In response is supported by all data submitted or cited in the application for registration, the form for reregistration, or the Data-Call-In response. In addition, if the cite-all option or cite-all option under the selective method is indicated in Section I, this application is supported by all data in the Agency's files that (1) concern the properties or effects of this product or an identical or substantially similar product, or one or more of the ingredients in this product; and (2) is a type of data that would be required to be submitted under the data requirements in effect on the date of approval of this application if the application sought the initial registration of a product of identical or similar composition and uses.

I certify that for each exclusive use study cited in support of this registration or reregistration, that I am the original data submitter or that I have obtained the written permission of the original data submitter to cite that study.

I certify that for each study cited in support of this registration or reregistration that is not an exclusive use study, either: (a) I am the original data submitter; (b) I have obtained the permission of the original data submitter to use the study in support of this application; (c) all periods of eligibility for compensation have expired for the study; (d) the study is in the public literature; or (e) I have notified in writing the company that submitted the study and have offered (i) to pay compensation to the extent required by sections 3(c)(2)(B) of FIFRA; and (ii) to commence negotiations to determine the amount and terms of compensation, if any, to be paid for the use of the study.

I certify that in all instances where an offer of compensation is required, copies of all offers to pay compensation and evidence of their delivery in accordance with sections 3(c)(1)(F) and/or 3(c)(2)(B) of FIFRA are available and will be submitted to the Agency upon request. Should I fail to produce such evidence to the Agency upon request, I understand that the Agency may initiate action to deny, cancel or suspend the registration of my product in conformity with FIFRA.

I certify that the statements I have made on this form and all the attachments to it are true, accurate, and complete. I acknowledge that any knowingly false or misleading statement may be punishable by fine or imprisonment or both under applicable law.
